1. JÁNOS XANTUS ZOO, GYŐR

The Zoo accommodates 1,400 animals from 140 species housed in spacious enclosures similar to their original habitats. In addition to the native wild animals living in the domestic wilderness of Hungary, you can encounter kangaroos, jaguars, lions, tigers, camels, and ring-tailed lemurs, among other, as well as high-quality pedagogical programs.

7. SYNAGOGUE, GYŐR

The synagogue in Győr is one of the most prominent symbols of the Jewish Neolog community, and it has long been used as an architectural model for synagogues in other cities, due to the way it was integrated into its metropolitan environment. Today it operates as a museum, as well as hosting cultural events.

8. EPISCOPAL CASTLE, GYŐR

Chapter Hill (Káptalándomb) has been the centre of the city of Győr for centuries and is home to the Episcopal Castle and the Episcopal Palace, the latter being the most intact medieval episcopal residence in Hungary. Discover the Bishop's Castle, the observation tower offering fabulous panoramic views of the city and surrounding rivers, and the cellar that houses a World War II exhibition.

11. CATHEDRAL OF THE ASSUMPTION OF OUR LADY, GYŐR

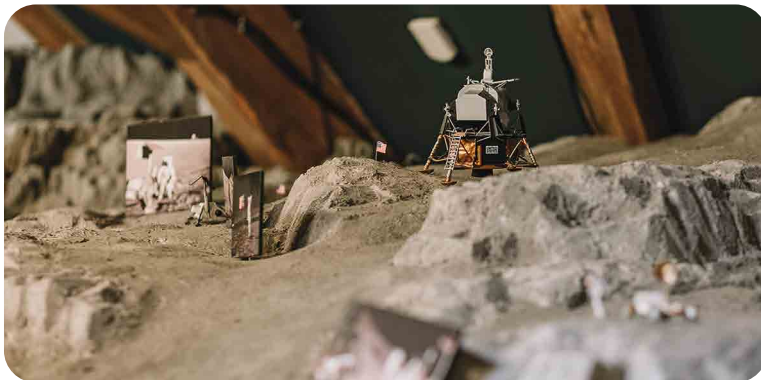

The Cathedral Basilica of the Assumption of Our Lady in Győr was founded during the reign of St. Stephen, and the Gothic chapel preserves one of Hungary's most important relics, the gilded herm of St. Ladislaus decorated with precious stones, as well as the skull of the knight king.

12. SAINT JACOB CHURCH AND VISITOR'S CENTRE, LÉBÉNY

The best kept Roman-era church in Hungary is found in Lébény just 20 km from Győr. The church is the end point of the 200 km long Hungarian Saint Jacob pilgrimage that starts in Budapest.

14. FUTURA, MOSONMAGYARÓVÁR

Learning through play at the country's largest interactive science exhibition. Futura is divided into 4 floors, each covering one of the 4 natural elements, and visitors can immerse themselves in activities about the most exciting natural and weather phenomena, the most important laws of physics, and the most interesting optical illusions.

15. MOSONMAGYARÓVÁR CASTLE

Situated on the promontory of Mosonmagyaróvár, otherwise called Királydomb, this old town castle has undergone many renovations and rebuilds over the centuries to reach its present state. It has many historical claims to fame, including location where the young Prince Matthias Hunyadi was imprisoned, as well as the safe resting place of the Holy Crown. Today, visitors are awaited by three interactive exhibitions.

20. BENEDICTINE ABBEY OF PANNONHALMA

Stroll through the lavender-scented arboretum, enjoy the majestic silence of the basilica, immerse yourself in the library's 400,000-volume collection, or head to the abbey restaurant to taste wine and dishes prepared by the monks using locally sourced ingredients.

BAROQUE STYLE DOWNTOWN, GYŐR

One of the most charming sights of Győr, the pedestrian zone in the old town awaits visitors with fairytale streets, narrow alleys, large squares, and cosy terraces. Also unmissable are the antique trade signs on the Baroque-style buildings.

THE "GENESIS OF A WINE REGION"

On the slopes of Pannonhalma Hills in Northern Transdanubia lies a small Hungarian wine region with a history that stretches back hundreds of years. Hungarian viticulture is inextricably linked to this region, and more specifically its Abbey, with the first historical mention appearing in the Archabbey Charter. The cellar road at the border of the village of Nyúl is also well worth a visit, with its wine cellars carved into the rock face.

SZIGETKÖZ

Lying between the Greater Danube and the Mosoni-Danube, Szigetköz is one of the most popular water hiking destinations in the country and offers canoeing and kayaking for visitors of all levels. Take to the water and explore the floodplain forests to catch a glimpse of beavers, herons, egrets, mallards, and much more.
